## \*\*What is potentially hazardous food?

Potentially hazardous foods include: meat, poultry, dairy, eggs, fish, shellfish, cooked vegetables, cooked rice, soy protein products, cut melons, and raw seed sprouts. Cookouts generally have PHF menu items and therefore need to meet the requirements above.

## Still have questions?

Contact us at: [foodsafe@iu.edu](mailto:foodsafe@iu.edu) or 812-855-6311

\*If the food is individually prepackaged commercially processed and non-potentially hazardous food (granola bars, bags of chips, candy, bottled drinks, etc.) you ARE NOT required to fill out an application. Home prepared foods ARE NOT allowed at public events, this includes bake sales.
